

Special Lecture

Tuesday, March 29 13:05–14:05
CH1

Chair: Ken Kikuchi (Tokyo Women's Medical University)

SL

Translational Research through basic research on Inflammation and Immunity

○Kouji Matsushima (Tokyo University of Science Research Institute for Biomedical Sciences, Div. Molecular Regulation of Inflammatory and Immune Diseases)

President Symposium

PS1 Bacteriology Researchers Memorial Symposium

Tuesday, March 29 14:30–16:30
CH4

Convener: Ken Kikuchi (Tokyo Women's Medical University)

PS1-1

Takehiko Uchiyama—a pioneer in research on superantigens—

○Junji Yagi (Tokyo Women's Medical University Professor Emeritus)

PS1-2

Memorial lecture for Prof. Keiichi Hiramatsu

○Ken Kikuchi (Dept. Infectious Diseases, Tokyo Women's Medical Univ.)

PS1-3

In commemoration of scientific achievement of Professor Hiroshi Maeda

○Takaaki Akaike (Dept. Environ. Med. Mol. Toxicol., Tohoku Univ. Grad. Sch. Med.)

PS2 Innovation Strategies in Industry-Academia-Government Collaboration for Japanese Society for Bacteriology

Thursday, March 31 9:15–11:45
CH2

Conveners: Ken Kikuchi (Tokyo Women's Medical University)
Hiroshi Tamura (JBDA/LPS Consulting Office)

PS2-1

Practical development and the prospects of “Solid-phase transfection” tool

○Masato Miyake (Dept. Life Science and Biotechnology, AIST)

PS2-2

Immunomodulatory Functions of Nutrition and Gut Microbiota

○Noriko Tsuji^{1,2}, Toshio Maekawa³, Morihiko Inaba⁴, Yasushi Kageyama⁴ (¹Mucosal Immunology / Microbiology, Dept. Pathol. Microbiol, Nihon Univ. Sch. Med., ²Dept. Food Sci., Jumonji Univ., ³iFoodMed Inc., ⁴CLEA Japan, Inc.)

PS2-3

Sugar Chain-based Nano-biotechnology

○Yasuo Suda^{1,2} (¹Dept. Chem. Biotechnology, Grad. Sch. Sci. & Eng., Kagoshima Univ., ²SUDx-Biotec Corp.)

PS2-4

Japanese Policy for the Bio industry

○Kozo Saiki (Bio-Industry Division, Ministry of Economy, Trade and Industry)
