

The 95th Annual Meeting of Japanese Society for Bacteriology Timetable

Day 1: March 29 (Tue)

Time	ZOOM Channel 1 (1000 people)	ZOOM Channel 2 (500 people)	ZOOM Channel 3 (500 people)	ZOOM Channel 4 (500 people)	On-demand oral presentations
8:00					
8:30					
9:00	Zoom Connection Test				
9:15-11:45	S1 Understanding microbial community structures and dynamics Masato Suzuki Masaki Shintani Co-host: The Japan Society for Bioscience, Biochemistry, and Agrochemistry Supported by: Ohsumi Frontier Science Foundation Grant-in-aid for scientific research on innovative areas "Post-Koch Ecology"	9:15-11:45 SS1 Special Session Frontier of the pandemic monitoring Takaaki Akaike Ken Kikuchi	9:15-11:45 S2 Bacterial survival strategies for surface stress Daisuke Shiomi Azuma Taoka	9:15-11:45 S3 Genome analysis opens up new frontiers in phage research Satoshi Tsuneda Hidetomo Iwano Co-host: Japan Society for Phage Therapy	
10:00					
11:00					
12:00		12:00-13:00 Co-hosting company webinar 1 Eiken Chemical Co.,LTD.	12:00-13:00 Co-hosting company webinar 2 Medecal Assist Clinical medicine		
12:20	Zoom Connection Test				
13:00	13:05-14:05 SL Special lecture Kouji Matsushima	Principle of LAMP method and it's application cases	COVID-19: Challenges in crisis responses at airport quarantine		
13:45	Zoom Connection Test				
14:30-16:30	W1 Unexpected operation mechanism of supramolecular machinery working in cell membrane Seiji Kojima Tohru Minamino	14:30-19:30 WCB Joint Symposium: Wakate Colosseum for Bacteriology —Young bacteriological research for the future— Masatoshi Miyakoshi Rino Isshiki Satoshi Shibata Toyotaka Sato Akira Fukuda	14:30-19:25 JRS Research presentation by junior high school and high school students Yoshiaki Kawamura Yutaka Terao Chikara Kaito	14:30-16:30 PS1 Bacteriology Researchers Memorial Symposium Ken Kikuchi	
15:00					
16:00					
17:00	17:00-17:30 SS2 Special Session Including the rank of phylum in the rules of ICNP, and valid publication of the 42 phyla of prokaryotes —information on changes to related ICNP— Ken Kikuchi				
18:00					
19:00					
20:00					
21:00					

J: Japanese E: English J/E: Japanese/English

Day 2: March 30 (Wed)

Time	ZOOM Channel 1 (1000 people)	ZOOM Channel 2 (500 people)	ZOOM Channel 3 (500 people)	ZOOM Channel 4 (500 people)	On-demand oral presentations	
8:00						
8:30						
9:00	Zoom Connection Test					
9:15-11:45	J S4 Current status and prospects of biological defense research Ichiro Nakagawa Yuki Kinjyo Co-host: Japanese Society for Host Defense Research	J W2 New etiology of oral infections Akihiro Yoshida Kenichi Imai	J S5 New era of Streptococcus research Michinaga Ogawa Takashi Nozawa	J S6 Bacterial reversible mutations and adaptive strategies Hitomi Mimuro	On-demand oral presentations • Company on-demand oral presentations	
10:00						
11:00						
12:00		12:00-13:00 J Co-hosting company webinar 3 SRL, Inc. / H.U. Frontier	12:00-13:00 J Co-hosting company webinar 4 Nippon Becton Dickinson Company, Ltd.			
12:20	Zoom Connection Test					
13:00	13:05-15:05 J General Meeting Award Lecture	Control of antimicrobial resistance in COVID-19 pandemic, challenges we face in Japan	Discontinuation between genome analysis and phenotypes in Mycobacteria			
14:00						
15:00						
15:15	Zoom Connection Test					
16:00	16:00-18:00 J W3 Selected from Oral Session 1 Physiology, Structure and Ecology Hiroji Chibana Shinji Takai	16:00-18:00 J W4 Mechanism and significance of the development of Bifidobacteria-dominated microbiota in human gut Takahiro Matsuki Ro Osawa Co-host: Bifidus Study League	16:00-18:00 J W5 Selected from Oral Session 2 Genetics, taxonomy and Epidemiology Yoshitoshi Ogura Hidenori Matsui	16:00-18:00 J W6 Selected from Oral Session 3 Pathogenicity (Toxins, Effectors, Bioactive substances, Adhesion Factors and Colonization Factors) Shigetada Kawabata Naoya Ohara		
17:00						
18:00						
18:30-20:00	JSB Online Gathering					
19:00						
20:00						
21:00						

Day 3: March 31 (Thu)

Time	ZOOM Channel 1 (1000 people)	ZOOM Channel 2 (500 people)	ZOOM Channel 3 (500 people)	ZOOM Channel 4 (500 people)	On-demand oral presentations
8:00					
8:30	Zoom Connection Test				
9:00					
9:15-11:45	S7 Frontiers in supersulfide science pioneering energy metabolisms and stress responses Tomohiro Sawa Takaaki Akaike Co-host: Grant-in-Aid for Transformative Research Areas Sulfur Biology	PS2 Inovation Strategies in Industry-Academia-Government Collaboration for Japanese Society for Bacteriology Ken Kikuchi Hiroshi Tamura	S8 Infection control strategies with antibody formulation Takuhiro Matsumura Masataka Oda	S9 The fascination of mycobacteriology colored by diversity Shintaro Seto Akihito Nishiyama Co-host: The Society of Researchers for Mycobacteriology in Japan	On-demand oral presentations ・ Company on-demand oral presentations
10:00					
11:00					
12:00		12:00-13:00 Co-hosting company webinar 5 Beckman Coulter, K.K. Basics and applications of MALDI-TOF MS ~Utilization in the medical and clinical fields~	12:00-13:00 Co-hosting company webinar 6 JAPAN BIOSCIENCES, CO., LTD. The pursuing of the early-detection and early-care of Enterohemorrhagic Escherichia coli		
12:20	Zoom Connection Test			Zoom Connection Test	
13:00					
13:05-15:05	W7 Decoding various infectious Diseases from cases Tadasuke Ooka Noriko Konishi	W8 Development of new methods for diagnosis and chemotherapy of invasive yeast infections Takashi Sugita Koichi Tanabe Co-host: The Japanese Society for Medical Mycology	W9 Selected from Oral Session 4 Pathogenicity (Cell invasion, Proliferation, Paracitism and Immune Evasion) and Biophylaxis Hideaki Higashi Hisanori Domon	W10 Selected from Oral Session 5 Antimicrobials and Drug resistance Shin'ichi Yokota Haruyoshi Tomita	
14:00					
15:00					
15:30-18:00	ICD Seminar	Zoom Connection Test			15:10-15:30 Awards Ceremony
16:00		S10 Mycological researches from various perspectives and its future Takahito Toyotome Yasuhiko Matsumoto Co-host: Japanese Society for Medical Mycology, Federation of Microbiological Societies of Japan	S11 New departures of the study about bacterial toxins Atsushi Tabata Hidetomo Kobayashi	S12 Reports from overseas bases: frontline research for infectious diseases Shinji Yamasaki Yukako Fujinaga Co-host: Japan Agency for Medical Research and Development	
17:00					
18:00					
19:00					
20:00
